From the Recreation Director...Lynne Clemens

This past summer was full of new experiences at the Recreation Department. We held SummerScape at the Middle school and held Kid Connection at our new facility at IRP. Both went extremely well, and the new facilities were put to full use with over 125 children daily. As usual I would like to send out a big thank you to my summer staff and to the families who continue to support our programs. Our new facility "The Recreation Center at Ipswich River Park" at 5 Central Street opened late last Spring. We put it to full use this summer with 30 toddlers a day playing in the new tumble room, cooking in the new kitchen and playing in the new tot play ground! Kids and Staff alike enjoyed the fresh clean atmosphere at this completely renovated building. The central air conditioning was a big bonus for all! We are very excited to open up our fall session at the new facility. We will start by running as many programs as we can over at the new building. At this time we do not have gym facilities for our sports programs or a large Rec. room for events so those programs will be held at designated facilities. As you continue to support our programs and fundraisers please know that you are helping make this center a reality. We are in hopes of someday adding on the large facility room we need to complete our center. With your continued support our facilities and programs will continue to grow. We look forward to seeing you all back for the fall programming. As usual I welcome and encourage any new ideas or any feedback. My door is always open! Thank you.  
Parks and Recreation—The benefits are endless!
